

## Notification of out of hours work – Kensington

In planning for Tomorrow's Sydney we are building a new light rail line to provide modern, reliable and sustainable public transport that will transform services from Circular Quay and the CBD, to Kingsford and Randwick via Surry Hills, Moore Park and Kensington.

Standard work hours are Monday to Friday 6am to 6pm and Saturday 8am to 5pm. This notification is for approved work that falls outside the standard working hours. This work will be carried out on the below dates and times to minimise disruption to traffic and to maintain the safety of construction work, residents, businesses and the general public.

### Details of work activities

Work will take place from **Thursday 8 February to Friday 9 March 2018, 6pm to 6am, and 8am to 5pm on Sundays**, (Work may also continue to 8am on Saturdays and Sundays when necessary) at the following locations:

- Anzac Parade, between Barker and Rainbow Streets**  
 Activities include street light relocation, excavation, asphaltting, drainage work, geotechnical investigations (potholing and surveying), utility relocations, installation of trenching boxes, pipes and conduits, compaction of excavation, movement of road plates, operation of lighting towers, cable installation, asphalt restoration works, movement of barriers, vegetation work (protecting trees, trimming branches, mulching and possible tree or shrub removal), heritage investigations, track work (concrete pouring, rail delivery and installation, welding, saw cutting and surface finishing), stop construction, pavement work, traffic island and line-marking removal and reinstatement, piling, removal and replacement of power poles, installation and removal of traffic controls, barriers, signals and signage.
- Houston Road, south east corner of Barker Street intersection, Kingsford.**  
 Storage of equipment in the laydown area on Houston Road will be ongoing, with access up to 24 hours a day, 7 days a week. Activities include storage of pipes and the use of flatbed trucks, hi-ab and light vehicles.
- Side streets along Anzac Parade including Strachan Street, Middle Street, Borrodale Road, Meeks Street and Harbourne Lane (and adjacent footpaths)**  
 Utility work will take place periodically. Activities include pavement removal, excavation, cable hauling, utility connection, potholing and surveying, drainage installation, heritage work, line marking, road and footpath work, pole footing investigations, barrier movements, traffic control, traffic signals and signage.

Kerbside work is now underway on Anzac Parade to underground utility networks, upgrade drainage and install new smart poles. Work will also continue on the investigation of the awning structures along the alignment. You may experience some noise and vibration during this work. Where possible, high noise activities such as saw cutting and jackhammering will not take place for more than two consecutive nights.

Equipment and vehicles for this work may include radar detection and survey equipment, concrete trucks and pumps, flood lights, vacuum excavation trucks, water blaster trucks, coring and drilling machines, excavators (including hammer attachment), piling rig, cranes, saw cutters, corers, road grinders, tipper trucks, hand tools, water carts, milling machines, rollers, jack hammers, plate compactors, hammer drills, core drills, paving machines, bobcats, power pole holders, elevated work platforms and traffic control vehicles.

### Traffic and pedestrian changes

For the latest information on traffic conditions, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

The pedestrian crossing north of the Nine Ways intersection may be closed intermittently from 9pm to 5am on weeknights. Signage will be in place to direct pedestrians.

Temporary lane closures will be required during night time work. Traffic control will be in place to direct motorists safely around the operations. During this work local access will be maintained for residents and businesses. Motorists will be able to travel in both directions along Anzac Parade, with only some minor delays expected. Access for emergency services will be maintained at all times.
